#### **Independent Auditor's Report**

To the Board of Trustees
Kalamazoo Valley Community College

#### Report on the Audits of the Financial Statements

#### **Opinions**

We have audited the financial statements of the business-type activities and discretely presented component unit of Kalamazoo Valley Community College (the "College") as of and for the years ended June 30, 2023 and 2022 and the related notes to the financial statements, which collectively comprise Kalamazoo Valley Community College's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of Kalamazoo Valley Community College as of June 30, 2023 and 2022 and the respective changes in its financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the College and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of Kalamazoo Valley Community College Foundation were not audited under *Government Auditing Standards*.

#### **Emphasis of Matter**

As discussed in Note 1 to the financial statements, the College adopted the provisions of GASB 96, *Subscription-Based Information Technology Arrangements*, as of July 1, 2021. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the College's proportionate share of net pension liability, schedule of pension contributions, schedule of the College's proportionate share of net OPEB liability, and schedule of OPEB contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Trustees Kalamazoo Valley Community College

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Kalamazoo Valley Community College's basic financial statements. The other supplementary information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2023 on our consideration of Kalamazoo Valley Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Kalamazoo Valley Community College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Kalamazoo Valley Community College's internal control over financial reporting and compliance.

Plante & Moran, PLLC

October 31, 2023

### Management's Discussion and Analysis - Unaudited

The discussion and analysis of Kalamazoo Valley Community College's (the "College") financial statements provides an overview of the College's financial activities for the years ended June 30, 2023, 2022, and 2021. Management has prepared the financial statements and the related note disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the College's management.

#### **Using this Report**

The College's financial report includes three financial statements: the statement of net position, the statement of revenue, expenses, and changes in net position, and the statement of cash flows. These financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities. The College's foundation has also been discretely presented within these financial statements in accordance with Governmental Accounting Standards Board Statement No. 39, Determining Whether Certain Organizations are Component Units, as amended by GASB Statement No. 61, The Financial Reporting Entity: Omnibus.

The annual financial report includes the independent auditor's report, the management's discussion and analysis, the basic financial statements, notes to the financial statements, and supplementary information.

Activities of the College are reported as either operating or nonoperating in accordance with Governmental Accounting Standards Board Statement No. 35. Charges for services are recorded as operating revenue. Essentially all other types of revenue, including state appropriations, property tax levies, and Pell federal grant revenue, are nonoperating. The College's reliance on state funding, local property taxes, and Pell federal grant assistance to students results in reporting an operating deficit.

Increases or decreases in net position provide one indication of the financial health of an organization. To assess the overall health of the College, nonfinancial factors also need to be considered.

#### **Financial Highlights**

The statement of net position and the statement of revenue, expenses, and changes in net position report information on the College as a whole. These statements report the College's financial position as of June 30, 2023 and 2022 and the change in net position for the years then ended. The College's financial position remained strong at June 30, 2023, with assets of \$172.9 million, deferred outflows of \$24.9 million, liabilities of \$87.0 million, and deferred inflows of \$23.4 million. Net position, which represents the residual interest in the College's assets after liabilities are deducted, increased by \$9.2 million or 11.8 percent.

The College's financial statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private sector institutions. All of the current year's revenue and expenses are recorded as incurred regardless of when cash is received or paid. Revenue and expenses are separated into the categories of operating and nonoperating.

## Management's Discussion and Analysis – Unaudited (Continued)

Statement of Net Position at June 30						
		2023		2022		2021
			(/	As Restated)		
Assets						
Current assets	\$	67,852,816	\$	64,527,389	\$	60,695,110
Noncurrent assets:						
Right to use assets		1,292,633		8,736,676		7,433,916
Other noncurrent assets		23,955,651		27,883,557		24,127,585
Capital assets - Net		79,773,703		75,162,500		77,372,421
Total assets		172,874,803		176,310,122		169,629,032
Deferred Outflows		24,872,739		12,450,968	_	19,593,178
Total assets and deferred outflows	\$	197,747,542	\$	188,761,090	\$	189,222,210

Restricted - Expendable		630,752		460,956		445,422
Unrestricted (deficit)		12,185,840		9,065,622		(4,392,363)
Total net position		87,383,305		78,147,583	_	66,581,136
Total liabilities, deferred inflows, and						
net position	\$	197,747,542	\$	188,761,090	\$	189,222,210

The preliminary changes in assets, liabilities, and net position of the College for fiscal year 2023 were the result of the following:

- Current assets increased by approximately \$3.3 million, or 5.2 percent. This was due mainly to an
  increase in short-term investments.
- Noncurrent assets decreased by approximately \$6.8 million, or 6.0 percent. This was due mainly to the unwind of the new market tax credit. This resulted in the forgiveness of the \$5.3 million note receivable.
- Current liabilities increased by approximately \$0.9 million, or 8.0 percent. This was due mainly to the timing of payments and the accounts payable balance at year-end.
- Long-term liabilities increased by approximately \$12.2 million, or 19.4 percent. This was due mainly to
  the increase in MPSERS net pension liability of approximately \$19.8 million and a increase in the
  MPSERS Net OPEB liability of approximately \$1.0 million, partially offset by a decrease in other longterm obligations as a result of the unwind of the new market tax credit, which resulted in the cancellation
  of the long-term lease liability.
- Total net position increased by approximately \$9.2 million, or 11.8 percent. This was due mainly to a
  decrease in certain operating expenses due to the MPSERS net pension and OPEB liability changes
  as well as the recognition of lost revenue as part of the Higher Education Emergency Relief Funds
  (HEERF) grant and the grant revenue from the Kalamazoo Valley Community College (KVCC)
  Foundation as a result of the unwind of the new market tax credit.

## Management's Discussion and Analysis – Unaudited (Continued)

The preliminary changes in assets, liabilities, and net position of the College for fiscal year 2022 were the result of the following:

- Current assets increased by approximately \$3.8 million, or 6.3 percent. This was due mainly to an
  increase in accounts receivable related to federal grants.
- Noncurrent assets increased by approximately \$2.8 million, or 2.6 percent. This was due mainly to an
  increase in the amount of long-term investments and an increase in the number of software
  subscriptions, partially offset by depreciation expense being greater than the amount of capital asset
  additions.
- Current liabilities increased by approximately \$1.4 million, or 14.9 percent. This was due mainly to the timing of payments and the accounts payable balance at year-end as well as the liability related to the software subscriptions.
- Long-term liabilities decreased by approximately \$34.0 million, or 35.0 percent. This was due mainly to
  the decrease in MPSERS net pension liability of approximately \$26.0 million and a decrease in the
  MPSERS Net OPEB liability of approximately \$8.1 million.
- Total net position increased by approximately \$11.7 million, or 17.5 percent. This was due mainly to a
  decrease in certain operating expenses due to the MPSERS net pension and OPEB liability changes
  as well as the recognition of lost revenue as part of the Higher Education Emergency Relief Funds
  (HEERF) grant.

#### **Operating Revenue**

Operating revenue includes charges for all exchange transactions such as tuition and fees, the sale of books and supplies, and revenue from the Kalamazoo Valley Museum. In addition, certain federal, state, and private grants are considered operating if they are not for capital purposes and are considered a contract for services.

Operating Revenue for the Years Ended June 30						
		2023		2022		2021
Tuition and fees	\$	18,811,221	\$	17,442,749	\$	18,324,900
Federal grants		2,058,385		1,387,050		1,057,646
State and other grants		2,196,035		1,409,996		1,287,926
Sales and service revenue		3,221,066		2,674,084		2,190,664
Other operating		1,296,149		607,948		470,846
Total operating revenue	\$	27,582,856	\$	23,521,827	\$	23,331,982

Operating revenue changes for fiscal year 2023 were the result of the following:

- Tuition and fees increased by \$1.4 million, or 7.9 percent. This was due mainly to a decrease in the scholarship allowance due to fewer emergency grants to students.
- State and other grants increased by \$0.8 million, or 55.8 percent. This was due mainly to new grant programs from the state regarding wrap around services and academic catch up.
- Sales and service revenue increased by \$0.5 million, or 20.5 percent. This was due mainly to facility rental increases coming out of the pandemic as well as some growth in corporate training, continuing education, and the food hub operations.

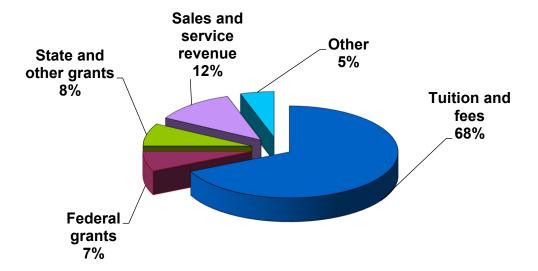

## Management's Discussion and Analysis – Unaudited (Continued)

• Other operating increased by \$0.7 million, or 113.2 percent. This was due mainly to the unwind of the new market tax credit and the cancellation of the right to use asset and corresponding lease liability.

Operating revenue changes for fiscal year 2022 were the result of the following:

- Tuition and fees decreased by \$0.9 million, or 4.8 percent. This was due mainly to a decrease in enrollment, partially offset by a slight increase in the tuition rate.
- Sales and service revenue increased by \$0.5 million, or 22.0 percent. This was due mainly to offerings such as corporate training increasing after the significant decrease due to the pandemic and increased sales in the bookstore.

The following is a graphic illustration of operating revenue by source for fiscal year 2023:

#### **Operating Expenses**

Operating expenses are all the costs necessary to provide services and conduct the programs of the College.

Operating Expenses for the Years Ended June 30						
	2023 2022			2021		
			(/	As Restated)		
Instruction	\$	27,261,354	\$	24,639,524	\$	27,232,640
Information technology		5,363,285		5,660,697		4,952,381
Public service		5,233,827		4,312,353		4,229,205
Instructional support		6,771,970		5,275,214		6,161,832
Student services		15,182,338		23,497,409		17,477,487
Institutional administration		6,404,606		5,770,576		6,789,668
Physical plant		7,475,022		6,761,323		7,424,467
Amortization		1,139,802		1,068,479		303,425
Depreciation		5,989,367		5,559,171		6,212,736
Total operating expenses	\$	80,821,571	\$	82,544,746	<u>\$</u>	80,783,841

## Management's Discussion and Analysis – Unaudited (Continued)

Operating expense changes for fiscal year 2023 were the result of the following:

- Instruction expenses increased by \$2.6 million, or 10.6 percent. This was mainly due to an increase in expenses related to the MPSERS UAAL and an increase in expenses related to health insurance coverage.
- Information technology expenses decreased by \$0.3 million, or 5.3 percent. This was mainly due to less spending of HEERF grant dollars on technology as a result of the pandemic.
- Public service expenses increased by \$0.9 million, or 21.3 percent. This was mainly due to increased spending as the Kalamazoo Valley Museum continued to increase hours of operation being open to the public coming out of the pandemic as well as increased spending from various grants received.
- Instructional support expenses increased by \$1.5 million or 28.4 percent. This was mainly due to vacancy savings in the previous year as well as additional staffing support provided in the current year in our instructional support areas.
- Student services expenses decreased by \$8.3 million, or 35.4 percent. This was mainly due to an
  decrease in financial aid expenditures related to the HEERF student emergency grants.
- Institutional administration expenses increased by \$0.6 million, or 11.0 percent. This was mainly due
  to an increase in expenses related to the MPSERS UAAL.
- Physical plant expenses increased by \$0.7 million, or 10.6 percent. This was mainly due to increases
  to utilities costs as well as additional capital expenditures in the current year.
- Depreciation expenses increased by \$0.4 million, or 7.7 percent. This was mainly due to a large amount
  of fixed assets being transferred to the College during the fiscal year.

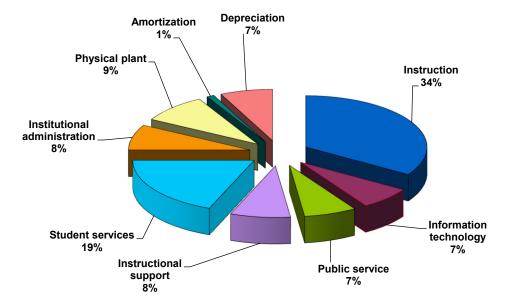

Operating expense changes for fiscal year 2022 were the result of the following:

- Instruction expenses decreased by \$2.6 million, or 9.5 percent.
- Information technology expenses increased by \$0.7 million, or 14.3 percent. This was mainly due to an increase in salaries and wages.
- Instructional support expenses decreased by \$0.9 million or 14.4 percent.
- Student services expenses increased by \$6.0 million, or 34.4 percent. This was mainly due to an increase in financial aid expenditures related to the HEERF student emergency grants.
- Institutional administration expenses decreased by \$1.0 million, or 14.2 percent.
- Physical plant expenses decreased by \$0.7 million, or 8.9 percent.
- Depreciation expenses decreased by \$0.7 million, or 10.5 percent. This was mainly due to a large amount of fixed assets becoming fully depreciated from when a new campus building was opened several years ago.

The main reason for the decrease in all of these areas, except as noted above, was due to the actuarial calculation related to the College's portion of the unfunded MPSERS liability.

## Management's Discussion and Analysis – Unaudited (Continued)

The following is a graphic illustration of operating expenses by source for fiscal year 2023:

#### **Nonoperating Revenue (Expenses)**

Nonoperating revenue represents all revenue sources that are primarily non-exchange in nature. They consist primarily of state appropriations, property tax revenue, investment income (including realized and unrealized gains and losses), and gifts and grants, including Pell federal grants to students.

Nonoperating revenue (expenses) were comprised of the following:

Nonoperating Revenue (Expenses) for the Years Ended June 30						
		2023		2022		2021
			(/	As Restated)		
State appropriations - Operating	\$	14,330,677	\$	14,353,990	\$	13,708,984
State appropriations - MPSERS		2,718,591		2,815,307		2,531,880
State appropriations - LCSA		3,446,141		3,063,040		2,795,456
Property taxes		27,914,111		26,666,027		25,872,573
Pell revenue		7,218,355		7,509,350		7,484,703
HEERF/CRF revenue		3,435,185		17,137,670		10,378,579
Investment income		1,325,358		224,857		415,764
Net unrealized loss on investments		(95,047)		(904,850)		-
Net loss on sale of assets		-		(4,379)		(1,206)
Interest on capital asset - Related debt		(158,051)		(172,301)		(184,914)
Interest on right to use asset - Related debt		(58,499)		(101,350)		(93,931)
Forgiveness of notes receivable		(5,348,000)		-		-
Gifts and contributions		7,049		2,005		2,580
Net nonoperating revenue	\$	54,735,870	\$	70,589,366	\$	62,910,468

## Management's Discussion and Analysis – Unaudited (Continued)

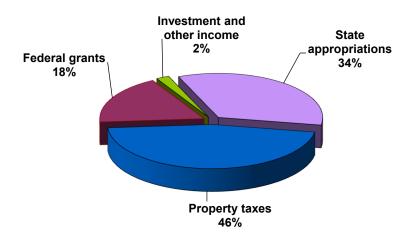

Nonoperating revenue (expense) changes for fiscal year 2023 were the result of the following factors:

- Property taxes increased \$1.2 million, or 4.7 percent. This increase was caused by an increase in the College district's taxable value.
- HEERF/CRF revenue decreased \$13.7 million, or 80.0 percent. This decrease was due to the HEERF grant concluding during the year with the majority of the spending taking place in the prior fiscal year.
- Investment income increased \$1.1 million, or 489.4 percent. This increase was due to the rising interest rates during the year as well as an increase to the amounts invested.
- Net unrealized loss on investments increased \$0.8 million, or 89.5 percent. This was due to the rising interest rates. Because the College's practice is to hold investments to maturity, it is unlikely any of the unrealized loss would be realized.
- Forgiveness of notes receivable decreased \$5.3 million. This decrease was due to the new market tax credit arrangement that was unwound during the fiscal year.

Nonoperating revenue (expense) changes for fiscal year 2022 were the result of the following factors:

- State appropriations Operating increased \$0.6 million, or 4.7 percent. This increase was due to the increase in appropriations provided by the State of Michigan.
- Property taxes increased \$0.8 million, or 3.1 percent. This increase was caused by an increase in the College district's taxable value.
- HEERF/CRF revenue increased \$6.8 million, or 65.1 percent. This increase was due to continued efforts to award all of the emergency grants to students and utilization of the institutional portion.
- Net unrealized loss on investments decreased \$0.9 million. This was due to the rising interest rates. However, because the College's practice is to hold investments to maturity, it is unlikely any of the unrealized loss would be realized.

The following is a graphic illustration of nonoperating revenue by source for fiscal year 2023, excluding the forgiveness of notes receivable and interest on related debt:

Other Revenue of \$7.7 million consists of the capital assets contributed from the KVCC Foundation due to the unwind of the new market tax credits program.

## Management's Discussion and Analysis – Unaudited (Continued)

#### **Statement of Cash Flows**

The primary purpose of this statement is to provide relevant information about the cash receipts and cash payments of an entity during a period. The statement of cash flows also may help users assess the following:

- An entity's ability to generate future net cash flows
- Its ability to meet its obligations as they come due
- Its need for external financing

Cash flows for the year consist of the following:

Cash Flows for the Years Ended June 30							
		2023		2022		2021	
		(As Restated)					
Cash (Used in) Provided by							
Operating activities	\$	(52,410,638)	\$	(59,111,249)	\$	(48,445,037)	
Noncapital financing activities		60,764,617		69,151,536		59,637,294	
Capital and related financing activities		(4,578,249)		(4,942,755)		(3,197,948)	
Investing activities		(2,709,389)	_	(4,711,804)		(3,931,713)	
Net Increase (Decrease) in Cash and							
Cash Equivalents		1,066,341		385,728		4,062,596	
Cash and Cash Equivalents - Beginning of year	_	13,997,785		13,612,057		9,549,461	
Cash and Cash Equivalents - End of year	\$	15,064,126	\$	13,997,785	\$	13,612,057	

Net cash used for operating activities in 2023 totaled \$52.4 million. This was financed by \$60.8 million of net cash flows from noncapital financing activities such as property taxes, state appropriations, and HEERF revenue. Net cash used for capital and related financing activities totaled \$4.6 million during 2023. Net cash used for investing activities totaled \$2.7 million. The net result of all cash flows is an increase in cash of \$1.1 million for 2023.

Net cash used for operating activities in 2022 totaled \$59.1 million. This was financed by \$69.2 million of net cash flows from noncapital financing activities such as property taxes, state appropriations, and HEERF revenue. Net cash used for capital and related financing activities totaled \$4.9 million during 2022. Net cash used for investing activities totaled \$4.7 million. The net result of all cash flows is an increase in cash of \$0.4 million for 2022.

#### **Capital Asset and Debt Administration**

#### **Capital Assets**

At June 30, 2023, the College had approximately \$205.8 million invested in capital assets, net of accumulated depreciation of \$126.1 million. Depreciation charges totaled \$6.0 million for the current fiscal year.

The College has planned capital expenditures for the fiscal year ending June 30, 2024 of approximately \$9.9 million. This includes the renovation of the Redwood Building, replacement of certain mechanical systems, boilers, vehicles, windows, computer equipment, online resources, phone systems, security systems, classroom furniture and simulation lab equipment.

## Management's Discussion and Analysis – Unaudited (Continued)

The Kalamazoo Valley Museum has planned capital expenditures for the fiscal year ending June 30, 2024 of approximately \$0.4 million. This includes updates to the freight elevator and the collections storage area.

More detailed information about the College's capital assets is presented in the notes to the financial statements.

#### Debt

At year-end, the College had \$5.2 million in debt outstanding from the issuance of its 2014 Facilities Bonds (LTGO) authorized in October 2014. Bond principal payments are due annually each May through maturity in fiscal year 2030. Interest payments are due semiannually through maturity at the rates ranging from 2.50 percent to 3.25 percent. The College's general obligation bond rating was listed Aa1 by Moody's in December 2014 upon issuance.

#### **Economic Factors That Will Affect the Future**

Kalamazoo Valley Community College receives funding from three major sources - property taxes, tuition and fees, and state appropriations.

Property taxes provide the largest proportion of revenue for operations and are split between support for the College and support for the Kalamazoo Valley Museum based on their respective millage rates.

Prior to 2017, personal property taxes represented approximately 10 percent of Kalamazoo Valley Community College's tax revenue. Legislation passed in 2014 phased out personal property tax for most businesses and replaced the revenue lost by taxing jurisdictions with a use tax. In 2017, personal property tax was eliminated as a revenue source for the College and Local Community Stabilization Authority (LCSA) funding was received. Although the initial distribution of LCSA funding exceeded the personal property tax lost in 2017, future years' tax replacement is not guaranteed. Since the College is not in the highest priority tier for reimbursement, if the funding available is insufficient, the College could receive less than the personal property tax lost.

Although additional funds have been provided for the unfunded actuarial accrued liability, long-term viability of the MPSERS plan remains a concern. It is likely that the contribution rate will need to be increased if conditions do not improve, creating an even heavier burden for colleges to pay out of operating funds. As of June 30, 2023 and 2022, the College has recognized \$70,254,076 and \$49,404,237, respectively, in long-term liabilities related to the MPSERS net pension and net OPEB liability.

With limited growth in the other revenue sources, tuition and fees have been increased to maintain programs and services.

	In-District		Percent Change
Fiscal Year	Tuition Rate		by Year
2023	\$	120.00	1.7%
2022	\$	118.00	3.5%
2021	\$	114.00	3.6%

Since 2020, in-district tuition rates have increased \$10.00 per contact hour or 9.1 percent. Although tuition increases implemented since 2020 have sometimes exceeded inflation, tuition charged to Kalamazoo Valley Community College students was still below the state average.

Institutional efforts to reduce operating costs through attrition and cost-cutting initiatives have been made and are an ongoing priority. Through these efforts, it has been possible to maintain affordable tuition for our community while providing outstanding educational programs and services in an inviting learning environment with qualified faculty and support staff.

## Management's Discussion and Analysis – Unaudited (Continued)

Two current economic factors are making a significant impact on the College. First, high inflation over the last year has impacted our budgets. The College has experienced significant pricing increases which could continue to erode our purchasing power. Second, the labor market continues to be highly competitive, which impacts our ability to attract and retain talented employees. Kalamazoo Valley Community College recognizes that its employees are its most important asset and we are implementing initiatives to ensure current employees have high morale and feel valued. We are continuing to build an attractive culture that will encourage new employees to join the College in working towards its mission.

Kalamazoo Valley Community College continuously evaluates our current offerings and potential programs. The College is in the process of launching a cosmetology and barbering pathway based on local need and regional employment and wage outlook data. We are also developing infrastructure to enable the College to be more strategic and successful in pursuing grant opportunities. These opportunities would serve as another viable funding source as Kalamazoo Valley Community College continues to work towards its strategic goals, and, ultimately, the College's mission to create innovative and equitable opportunities that empower all to learn, grow and thrive.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 1 - Basis of Presentation and Significant Accounting Policies

**Reporting Entity** - Kalamazoo Valley Community College (the "College") is a Michigan community college whose financial statements have been prepared in accordance with generally accepted accounting principles as applicable to public colleges and universities outlined in Governmental Accounting Standards Board (GASB) Statement No. 35.

The accompanying financial statements have been prepared using the economic resource management focus and in accordance with criteria established by the GASB for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational or financial relationships with the College. Based on application of the criteria, three affiliated organizations have been included. Each organization is described below, with additional information provided regarding the impact to the College's financial statements and accompanying condensed financial statements.

Kalamazoo Valley Community College Foundation ("KVCCF") is a separate Michigan not-for-profit corporation, with its own independent board, established to accept, collect, hold, and invest donations made for the promotion of educational and cultural activities at and on behalf of the College. In accordance with the criteria of GASB, KVCCF is reported as a discrete component unit. In the past, funding has been used to support student scholarships, capital initiatives, and Kalamazoo Valley Museum programming. The College provides personnel support, supplies, and equipment to the Foundation. Separate financial statements of the Foundation may be obtained by contacting Kalamazoo Valley Community College Foundation, P.O. Box 4070, Kalamazoo, Michigan 49003-4070.

KVCCF is a private organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from those under GASB. No modifications have been made to KVCCF's financial information included in the College's financial report to account for these differences.

FSIC, LLC (FSIC) was a Michigan limited liability company formed in the year ended June 30, 2016. KVCCF was the sole owner of FSIC. As a single member limited liability company, FSIC was disregarded for tax purposes. FSIC was formed exclusively to acquire, own, and construct a 16,130 gross square foot food production and distribution building and a 9,504 square foot greenhouse (the "Project"). The Project was located in a census tract that makes a taxpayer eligible to receive new markets tax credits (NMTC) for making a qualified equity investment in a community development entity (CDE), if the CDE then makes an equity investment or a loan to a qualified active low-income community business and all other criteria of the NMTC are met. FSIC subleased the Project to the College (see Notes 6 and 12). During the year ended June 30, 2023, the NMTC was unwound and the FSIC was dissolved.

As a sole member of KVCCF, FSIC is consolidated within the financial statements of KVCCF. FSIC is audited as a component of the KVCCF financial statement audit as required by its financing agreement. The audited financial statements may be obtained by contacting Kalamazoo Valley Community College Foundation, P.O. Box 4070, Kalamazoo, Michigan 49003-4070.

The Holding Company is a separate Michigan not-for-profit corporation established to purchase, acquire title to, lease, develop, maintain, rent, and sell real estate and personal property within the College district, exclusively for the purpose of benefiting the College. At June 30, 2023 and 2022, the stated value of the net assets of the Holding Company totaled \$(256,701) and \$(264,681), respectively. These assets, liabilities, and all activity of the Holding Company are included in the financial statements of the College as a blended component unit.

### Notes to Financial Statements June 30, 2023 and 2022

#### Note 1 - Basis of Presentation and Significant Accounting Policies (Continued)

FSIC Lending Company, LLC (FSIC Lending) was a Michigan limited liability company formed in the year ended June 30, 2016. The College was the sole owner of FSIC Lending. As a single member limited liability company, FSIC Lending was disregarded for tax purposes. FSIC Lending was formed as part of the New Investment Program used for the Food Innovation Center for the exclusive benefit of the College. The primary purpose was to be the leveraged lender for the project and was to establish and provide a loan to the investment fund, WF KVCC Food Sustainability and Innovation Center Investment Fund, LLC, investing in FSIC of \$5,348,000. These assets, liabilities, and all activity of FSIC Lending are included in the financial statements of the College as a blended component unit. During the year ended June 30, 2023, the NMTC was unwound, which included the forgiveness of the \$5,348,000 note receivable. The Project was granted to FSIC Lending and ultimately to the College, and FSIC Lending was dissolved.

Financial statements for each entity blended in the College's financial reporting are as follows:

Cash and Cash Equivalents - End of year	\$		\$	347,917	\$	836,531	\$	822,506

**Basis of Presentation** - These statements have also been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The College follows all applicable GASB pronouncements. The College reports as a business-type activity, as defined by GASB Statement No. 35. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods or services.

Significant accounting policies followed by Kalamazoo Valley Community College are described below to enhance the usefulness of the financial statements to the reader:

**Accrual Basis** - The financial statements have been prepared on the economic resource measurement focus and the accrual basis of accounting, whereby revenue is recognized when earned and expenditures are recognized when the related liabilities are incurred and certain measurement and matching criteria are met.

**Cash and Cash Equivalents** - Cash and cash equivalents consist of all highly liquid investments with an original maturity of three months or less.

**Investments** - Investments are recorded at fair value. Level 1 investments are based on quoted market prices and Level 2 investments are recorded using a matrix pricing technique. Matrix pricing is used to value the investments' relationship to benchmark quoted prices.

**Accounts Receivable** - Accounts receivable are stated at net invoice amounts. An allowance for doubtful accounts is established based on historical loss experience.

**Inventories** - Inventories, including books and miscellaneous supplies, are stated at the lower of cost or market using the first-in, first-out method.

**Note Receivable** - During the year ended June 30, 2016, a leveraged loan of \$5,348,000 was provided to WF KVCC Food Sustainability and Innovation Center Investment Fund, LLC for the purpose of financing the construction of the Food Innovation Center. Interest accrues at 1 percent, payable quarterly beginning March 20, 2016. The note was due December 30, 2040. During the year ended June 30, 2023, this note receivable was forgiven as part of the unwinding of the NMTC and the grant of the Project to the College.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 1 - Basis of Presentation and Significant Accounting Policies (Continued)

**Right to Use Assets -** Right to use assets are assets the College has the right to use due to the existence of a lease or a subscription based IT arrangement. The asset is recorded at the net present value based on the lease payment schedule and is amortized over the lesser of the lease term or the useful life of the underlying asset.

The corresponding liability is initially measured at the present value of payments expected to be made during the lease or subscription term. Subsequently, the liability is reduced by the principal portion of payments made. The College generally uses its estimated incremental borrowing rate as the discount rate. The liabilities are reported with long-term obligations on the statement of net position.

Capital Assets - Property and equipment are recorded at cost. However, gifts of property are recorded at acquisition value at the time gifts are received. Expenditures for maintenance and repairs are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. No depreciation is recorded on land. Expenditures for major renewals and betterments that extend the useful lives of the assets are capitalized. The following estimated useful lives are used to compute depreciation for the College and its component units:

40 years
10 years
10 years
5 years
5 years
10 years
5 years

**Unearned Revenue** - Revenue received prior to year-end that relates to the next fiscal period is recorded as unearned revenue. Unearned revenue consists of approximately \$1,324,000 and \$1,440,000 for the 2023 and 2022 summer semesters, and approximately \$277,500 and \$268,300 for the 2023 and 2022 fall semesters, respectively. Other small amounts are due to student payments for a future term (not specifically identified) and gift certificates in the bookstore.

Scholarship Discounts and Allowances - Student tuition and fee revenue and certain other revenue from students are reported net of scholarship discounts and allowances in the statement of revenue, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants and other federal, state, or nongovernmental programs, are recorded as either operating or nonoperating revenue in the College's financial statements. To the extent that revenue from such programs is used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

**Operating Revenue and Expenses** - Revenue and expense transactions are normally classified as operating revenue and expenses when such transactions are generated by the College's principal ongoing operations. However, most revenue that is considered to be nonexchange, such as tax revenue, federal Pell grant revenue, and state appropriations, is nonoperating revenue.

**Gifts and Pledges** - Gifts are recorded at estimated fair value when received. Pledges are recorded as contributions in the year received, if there is sufficient evidence that a promise to contribute cash or other assets in the future has been made and collection is reasonably assured.

# Notes to Financial Statements June 30, 2023 and 2022

#### Note 1 - Basis of Presentation and Significant Accounting Policies (Continued)

**Compensated Absences** - Compensated absences represent the accumulated liability to be paid under the College's policy; employees earn vacation time based on time of service with the College and the liability is included on the accrued payroll, vacation, and other compensation line.

**Pensions** - For the purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Michigan Public School Employees' Retirement System (MPSERS), and additions to/deductions from MPSERS fiduciary net position have been determined on the same basis as they are reported by MPSERS. MPSERS uses the economic resources measurement focus and the full accrual basis of accounting. Contribution revenue is recorded as contributions are due, pursuant to legal requirements. Benefit payments (including refunds of employee contributions) are recognized as expense when due and payable in accordance with the benefit terms. Related plan investments are reported at fair value.

Other Postemployment Benefit Costs - For the purpose of measuring the net other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the MPSERS and additions to/deductions from MPSERS fiduciary net position have been determined on the same basis as they are reported by MPSERS. MPSERS uses the economic resources measurement focus and the full accrual basis of accounting. For this purpose, MPSERS recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

**Deferred Outflows of Resources** - In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then.

The College reports deferred outflows of resources for certain pension-related and OPEB-related amounts, such as changes in expected and actual experience, changes in assumptions, and certain contributions made to the plan subsequent to the measurement date. More detailed information can be found in Note 7.

**Deferred Inflows of Resources** - In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The College reports deferred inflows of resources for certain pension-related and OPEB-related amounts, such as the difference between projected and actual earnings of the plan's investments. More detailed information can be found in Note 7. The College also reports deferred inflows of resources for a certain lessor agreement.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 1 - Basis of Presentation and Significant Accounting Policies (Continued)

**Property Taxes** - Property tax revenue is recognized in the year for which taxes have been levied. Property taxes are levied on July 1 and December 1 based on taxable values as of the preceding December 31. The taxes, which are collected and remitted to the College by townships and cities within the College district boundaries, are collected through February 28. Uncollected real property taxes of the College are turned over to the county in which the district is located for subsequent collection. The College is subsequently paid 100 percent of delinquent real property taxes through the county's tax revolving funds. These payments are usually received within three to five months after the delinquency date.

During the years ended June 30, 2023 and 2022, 2.7802 and 2.7918 mills of tax per \$1,000 of taxable property value in the community college taxing district were levied for general operating purposes on all property, respectively. Total operating property tax revenue was \$27,671,648 and \$26,445,498 for the years ended June 30, 2023 and 2022, respectively.

**Pell Grant Reimbursements** - Pell grant reimbursements are classified as nonoperating revenue due to their nonexchange nature. For the years ended June 30, 2023 and 2022, the College received \$7,218,355 and \$7,509,350, respectively.

**Use of Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Tax Abatements** - The College's property tax revenue is affected by tax abatements entered into by other governments. The tax abatements also consist of Industrial Facilities Tax (IFT) exemptions and Brownfield Redevelopment Agreements granted by cities, villages, and townships within the College's taxing district. The College has evaluated the tax abatements and deemed the property tax abatements to be not significant for the years ended June 30, 2023 and 2022.

**Net Position** - When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the College's policy is to first apply restricted resources.

**Net Investment in Capital Assets** - Net investment in capital assets consists of capital assets, net of accumulated depreciation, and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets as well as the right to use assets net of their corresponding lease liability.

**Restricted Net Position** - Restricted net position represents amounts over which third parties have imposed restrictions that cannot be changed by the board.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 1 - Basis of Presentation and Significant Accounting Policies (Continued)

**Unrestricted Net Position** - The College has designated the use of unrestricted net position as follows:

	 2023	2022
Designated for future capital outlay and major maintenance	\$ 36,439,183	\$ 33,348,565
Designated for equipment replacement	3,735,487	5,100,023
Designated for debt service	1,150,680	1,308,732
Designated for technology	1,052,468	1,588,250
Designated for program development	4,297,339	3,355,062
Designated for trustee scholarships	25,000	25,000
Designated per board policy	6,490,000	6,323,000
Designated for auxiliary activities	300,581	167,830
Designated for auxiliary activities - Kalamazoo Valley Museum	4,921,373	3,872,119
Designated for auxiliary activities - Kalamazoo Valley Museum -		
Per board policy	732,000	699,000
Designated for Kalamazoo Valley Museum:		
Future capital outlay and major maintenance	3,983,145	3,771,619
Equipment replacement	3,392,041	3,345,020
Exhibit major maintenance	5,281,055	4,686,087
Designated for KVCC Holding Company purposes	(256,701)	(264,681)
Designated for FSIC Lending Company, LLC purposes	-	5,695,767
Designated for MPSERS liability	(68,681,220)	(73,705,798)
Unrestricted and unallocated	 9,323,409	9,750,027
Total unrestricted (deficit) net position	\$ 12,185,840	\$ 9,065,622

COVID-19 - On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus, a pandemic, now known as COVID-19. In response to the COVID-19 pandemic, governments have taken preventative or protective actions, such as temporary closures of non-essential businesses and "shelter-at-home" guidelines for individuals. As a result, the global economy has been negatively affected, and the College's operations were also impacted. Due to the "shelter-at-home" guidelines during April 2020, the College shifted to a remote online learning environment. The College had pay freezes, limited hiring for open positions, and expense cuts. To offset the financial impact to students and the losses incurred by the College due to the disruption caused by COVID-19, the College was allocated Higher Education Emergency Relief Fund (HEERF) grants and other relief primarily from three federal stimulus bills - the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA), and the American Rescue Plan (ARP). As of June 30, 2023 and 2022, the College was allocated a total of approximately \$17,700,000 for institutional purposes, \$609,000 for Strengthening Institutions Program (SIP), and \$12,588,000 required to be given directly to students. As of June 30, 2023 and 2022, the College had disbursed approximately \$17,700,000 and \$14,255,000, respectively for institutional purposes. As of June 30, 2023 and 2022, the College had disbursed approximately \$609,000 for SIP. As of June 30, 2023 and 2022, the College had disbursed approximately \$12,588,000 of the funds required to be disbursed directly to students in the form of emergency grants.

**Reclassification** – Certain 2022 amounts have been reclassified to conform to the 2023 presentation. The lease liability on the balance sheet has been combined into the long-term obligations and the detail is provided within the respective footnote.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 1 - Basis of Presentation and Significant Accounting Policies (Continued)

Adoption of New Accounting Pronouncement – As of July 1, 2021, the College applied GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs), which increases the usefulness of the financial statements by requiring recognition of certain SBITA assets and liabilities that previously were classified as operating expenses. This Statement establishes a single model for SBITA accounting based on the foundational principle that SBITAs are the right to use an underlying information technology asset. Under this Statement, the College is required to recognize an intangible right-to-use subscription asset and a corresponding subscription liability. The College recorded a right to use asset and related subscription liability of \$1,482,145 and \$1,370,621, respectively at July 1, 2021. In addition, this change resulted in \$728,458 of amortization expense and \$1,621 of interest expense as well as an adjustment to the prepaid expenses of \$178,317, subscription liability of \$683,604 instead of \$620,995 of various functional expense categories for the year ended June 30, 2022.

#### Note 2 - Cash and Investments

**Cash and Short-term Investments** - Investment policies for cash and short-term investments authorize the College to invest in negotiable certificates of deposit, savings accounts, or other interest-bearing deposit accounts of a financial institution.

**Investments** - Investment policies also authorize the College to invest in bonds, bills, or notes of the United States, or of an agency or instrumentality of the United States, or obligations of the State of Michigan. Funds may also be invested in commercial paper of corporations rated prime by at least one of the standard rating services and in bankers' acceptances issued by a bank that is a member of the Federal Deposit Insurance Corporation.

**Interest Rate Risk** - The College's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The College does, however, manage its exposure to interest rate risk by generally limiting investment maturities to less than three years.

As of June 30, 2023, the College had the following investments and maturities:

	-	Fair Market Value	Less Than 1 Year	1-3 Years	More Than 3 Years	Moody's/ S&P Ratings
Certificates of deposit	\$	24,768,215	\$ 24,768,215	\$ -	\$ -	N/A
State of Michigan bonds*		631,246	-	631,246	-	AA+
U.S. agency securities*		36,156,072	12,831,667	23,324,405	 	AAA/AA+
Total investments	\$	61,555,533	\$ 37,599,882	\$ 23,955,651	\$ -	

As of June 30, 2022, the College had the following investments and maturities:

	ı	air Market	Less Than		More Than	Moody's/
		Value	1 Year	1-3 Years	3 Years	S&P Ratings
Certificates of deposit	\$	27,724,386	\$ 27,224,386	\$ 500,000	\$ -	N/A
State of Michigan bonds*		645,091	-	645,091	-	AA+
U.S. agency securities*		29,246,356	 7,855,890	 20,465,706	924,760	AAA/AA+
Total investments	\$	57,615,833	\$ 35,080,276	\$ 21,610,797	\$ 924,760	

<sup>\*</sup> Some of these investments are callable.

# Notes to Financial Statements June 30, 2023 and 2022

#### Note 2 - Cash and Investments (Continued)

**Credit Risk** - According to Michigan Public Act 331 of 1966, as amended through 2015, the College may invest in bonds, bills, or notes of the United States or its agencies; obligations of the State of Michigan; corporate commercial paper rated prime by at least one of the standard rating services; bankers' acceptances issued by and certificates of deposit of financial institutions that are members of the Federal Deposit Insurance Corporation; mutual funds and investment pools that are composed of authorized investment instruments; and certain repurchase agreements.

Certificates of deposit at any one financial institution may not exceed 25 percent of the total investable balance or more than 15 percent of the net worth of the financial institution. Commercial paper may not exceed 30 percent of the total investable balance or \$1,000,000 per corporation. The College's investment policy does not limit investments in U.S. agencies or treasuries.

The nationally recognized statistical rating organization (NRSRO) utilized is both Moody's and Standard & Poor's rating services.

More than 5 percent of the College's investments at June 30, 2023 and 2022 were invested as follows:

Issuer	2023	2022
Federal Farm Credit Banks - U.S. Securities	14%	17%
Federal Home Loan Bank - U.S. Securities	24%	22%
Federal Home Loan Mortgage Corporation - U.S. Securities	6%	- %
Federal National Mortgage Association - U.S. Securities	8%	- %
U.S. Treasuries Notes - U.S. Securities	6%	12%
1st Source Bank - Certificates of Deposit	5%	5%
Comerica Bank - Certificates of Deposit	8%	9%
Flagstar Bank - Certificates of Deposit	5%	9%
Horizon Bank - Certificates of Deposit	3%	5%
Mercantile Bank of Michigan - Certificates of Deposit	5%	5%
Old National Bank - Certificates of Deposit	7%	8%
Southern Michigan Bank & Trust - Certificates of Deposit	5%	3%

**Custodial Credit Risk of Bank Deposits** - Custodial credit risk is the risk that in the event of bank failure, the College's deposits may not be returned to it. As of June 30, 2023, the College's deposit balances of \$39,399,525 had \$36,880,202 of bank deposits (money markets, certificates of deposit, and checking and savings accounts) that were uninsured and uncollateralized. As of June 30, 2022, the College's deposit balances of \$41,509,390 had \$38,503,005 of bank deposits (money markets, certificates of deposit, and checking and savings accounts) that were uninsured and uncollateralized.

**Custodial Credit Risk of Investments** - Custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the investments are, however, in the name of the College, and the investments are held in trust accounts with each financial institution from which they were purchased.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 2 - Cash and Investments (Continued)

**Foundation Investments** - Investments at Kalamazoo Valley Community College Foundation at June 30, 2023 and 2022 are as follows:

	2023			2022				
		Market	Unrealized		Market	Unrealized		
Description	Cost	Value	Gain	Cost	Value	Gain		
Mutual funds	\$ 15.006.945	\$ 22,229,208	\$ 7.222.263	\$ 14.491.159	\$ 19.579.106	\$ 5.087.947		

Net gains from security transactions for the years ended June 30, 2023 and 2022 include net unrealized gains (losses) of \$2,134,316 and \$(5,878,656), respectively, and net realized (losses) gains of \$(37,876) and \$1,171,967, respectively.

#### **Note 3 - Fair Value Measurements**

The College categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The College's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The following tables present information about the College's assets measured at fair value on a recurring basis at June 30, 2023 and 2022 and the valuation techniques used by the College to determine those values.

#### Assets Measured at Fair Value on a Recurring Basis at June 30, 2023

	Quoted Prices in		Significant	
	Active Markets for	Significant Other	Unobservable	
	Identical Assets	Observable Inputs	Inputs	Balance at
Assets	(Level 1)	(Level 2)	(Level 3)	June 30, 2023
Investments:				
State of Michigan bonds	\$ -	\$ 631,246	\$ -	\$ 631,246
U.S. Agency Securities		36,156,072		36,156,072
Total	\$ -	\$ 36,787,318	\$ -	\$ 36,787,318

#### Assets Measured at Fair Value on a Recurring Basis at June 30, 2022

	Quoted Prices in		Significant	
	Active Markets for	Significant Other	Unobservable	
	Identical Assets	Observable Inputs	Inputs	Balance at
Assets	(Level 1)	(Level 2)	(Level 3)	June 30, 2022
Investments:				
State of Michigan bonds	\$ -	\$ 645,091	\$ -	\$ 645,091
U.S. Agency Securities		29,246,356		29,246,356
Total	\$ -	\$ 29,891,447	\$ -	\$ 29,891,447

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 3 - Fair Value Measurements (Continued)

Investments classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value the investments' relationship to benchmark quoted prices.

KVCCF's investments are all classified as Level 1 inputs using quoted prices in active markets for identical assets KVCCF has the ability to access.

#### Note 4 - Accounts Receivable

Accounts receivable held at the College consist of the following at June 30, 2023 and 2022:

		2023	2022
Appropriations from the State of Michigan for operations	\$	3,176,000	\$ 3,012,917
Property taxes receivable		1,866,482	1,346,270
Federal and state grants receivable		4,963,420	6,685,293
Student receivables		795,895	898,671
Lease receivable		99,393	-
Other receivables	_	3,137,053	 2,903,562
Total		14,038,243	14,846,713
Less allowances for doubtful accounts		(1,594,020)	 (1,264,665)
Net accounts receivable	\$	12,444,223	\$ 13,582,048

## Notes to Financial Statements June 30, 2023 and 2022

## Note 5 - Capital Assets

The following table presents the changes in the various fixed asset class categories for the year ended June 30, 2023:

	Ju	ne 30, 2022			Transfer/	J	une 30, 2023
		Balance		Additions	Deletions		Balance
Nondepreciable capital assets:		_		_			
Land	\$	5,298,390	\$	-	\$ 529,894	\$	5,828,284

The Arcadia Commons Campus Phase II (Commons and Allied Health), Texas Township Campus Expansion (Student Success Center), and the Healthy Living Campus have been financed in part by State Building Authority (SBA) bond issuance, which are secured by a pledge of rentals to be received by the SBA from the State of Michigan pursuant to an arrangement between SBA, State of Michigan, and the College. While the SBA bonds are outstanding, SBA will hold title to the respective buildings, although the College has capitalized the building and pays all operating and maintenance costs. Once the SBA bonds are fully paid, the SBA will transfer title of the buildings to the College. The Arcadia Commons Campus Phase II title will transfer in 2036, Texas Township Campus Expansion in 2046, and the Healthy Living Campus in 2051 unless the SBA bonds are paid or refunded in advance.

The estimated additional costs to be incurred for major construction projects in progress at the College is approximately \$4,000,000 as of June 30, 2023.

#### Note 6 - Right to Use Assets

The College leases certain assets from various third parties. The assets leased include a building and a parking lot. During the year ended June 30, 2023, the lease related to the building was terminated as part of unwinding the NMTC. Payments are fixed and made quarterly.

The College obtains the right to use vendors' information technology software through various long-term contracts. The College recognizes a subscription liability and an intangible right to use subscription asset.

The subscription asset is initially measured as the initial amount of the subscription liability, which is the present value of payments expected to be made during the subscription term. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 6 - Right to Use Assets (Continued)

The following table presents the changes in the various right to use asset categories for the year ended June 30, 2023:

	June 30, 2022 Balance		Additions		Transfer/ Deletions	June 30, 2023 Balance

#### Note 7 - Recognition of State Appropriations

The College records revenue from state operating appropriations in accordance with the accounting method described in the annual funding bill passed by the State of Michigan (the "State") legislation, which provides that state appropriations are recorded as revenue in the period for which they were appropriated. Accordingly, the College recognizes 100 percent of the State's fiscal year appropriations as revenue during the College's fiscal year. Also, since state appropriations are distributed over an 11-month period, October through August, the College records a receivable at June 30 each year for the subsequent payments received in July and August.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System

**Plan Description** - The College participates in the Michigan Public School Employees' Retirement System (MPSERS or the "System"), a statewide, cost-sharing, multiple-employer defined benefit public employee retirement system governed by the State of Michigan that covers substantially all employees of the College. Certain College employees also receive defined contribution retirement and healthcare benefits through the System. The System provides retirement, survivor, and disability benefits to plan members and their beneficiaries. The System also provides postemployment healthcare benefits to retirees and beneficiaries who elect to receive those benefits.

The Michigan Public School Employees' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the pension and postemployment healthcare plans. That report is available on the web at http://www.michigan.gov/orsschools, or by writing to the Office of Retirement System (ORS) at 7150 Harris Drive, P.O. Box 30171, Lansing, MI 48909.

**Benefits Provided** - Benefit provisions of the defined benefit (DB) pension plan and the postemployment healthcare plan are established by state statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit pension plan and the postemployment healthcare plan.

Depending on the plan option selected, member retirement benefits are calculated as final average compensation times years of service times a pension factor ranging from 1.25 percent to 1.50 percent. The requirements to retire range from attaining the age of 46 to 60 with years of service ranging from 5 to 30 years, depending on when the employee became a member. Early retirement is computed in the same manner as a regular pension, but is permanently reduced 0.50 percent for each full and partial month between the pension effective date and the date the member will attain age 60. There is no mandatory retirement age.

Depending on the member's date of hire, MPSERS offers the option of participating in the Defined Contribution (DC plan that provides a 50.00 percent employer match (up to 3.00 percent of salary) on employee contributions.

Members are eligible for nonduty disability benefits after 10 years of service and for duty-related disability upon hire. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. The disability benefits plus authorized outside earnings are limited to 100 percent of the participant's final average compensation with an increase of 2.00 percent each year thereafter.

Benefits may transfer to a beneficiary upon death, and are determined in the same manner as retirement benefits, but with an actuarial reduction.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance subsequent to the employee's retirement date. The annual adjustment, if applicable, is 3.00 percent. For some members that do not receive an annual increase, they are eligible to receive a supplemental payment in those years when investment earnings exceed actuarial assumptions.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System (Continued)

MPSERS provides medical, prescription drug, dental, and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by MPSERS with the balance deducted from the monthly pension of each retiree healthcare recipient. Depending on the member's date of hire, this subsidized portion ranges from 80.00 percent to the maximum allowed by the statute.

**Contributions** - Public Act 300 of 1980, as amended, required the College to contribute amounts necessary to finance the coverage of pension benefits of active and retired members. Contribution provisions are specified by state statute and may be amended only by action of the State Legislature. Under these provisions, each employer's contribution is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance a portion of the unfunded accrued liability.

Under the OPEB plan, retirees electing this coverage contribute an amount equivalent to the monthly cost for Part B Medicare and 10 percent, or 20 percent for those not Medicare eligible, of the monthly premium amount for the health, dental, and vision coverage at the time of receiving the benefits. The MPSERS board of trustees annually sets the employer contribution rate to fund the benefits. Participating employers are required to contribute at that rate.

Under Public Act 300 of 2012, members were given the choice between continuing the 3.00 percent contribution to the retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3.00 percent contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2.00 percent employee contribution into their 457 account as of their transition date, earning them a 2.00 percent employer match into a 401(k) account. Members who selected this option stop paying the 3.00 percent contribution to the retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

The College's contributions are determined based on employee elections. There are multiple different pension and healthcare benefit options included in the plan available to employees based on date of hire and the elections available at that time. Contribution rates are adjusted annually by the ORS. The range of rates is as follows:

	Pension	OPEB
October 1, 2020 - September 30, 2021	13.39 - 19.78 percent	7.57 - 8.43 percent
October 1, 2021 - September 30, 2022	13.73 - 20.14 percent	7.23 - 8.09 percent
October 1, 2022 - June 30, 2023	13.75 - 20.16 percent	7.21 - 8.07 percent

Depending on the plan selected, member pension contributions range from 0.00 percent up to 7.00 percent of gross wages. For certain plan members, a 4.00 percent employer contribution to the defined contribution pension plan is required. In addition, for certain plan members, a 3.00 percent employer match is provided to the defined contribution pension plan.

The College's required and actual pension contributions to the plan for years ended June 30, 2023 and 2022 were approximately \$9,029,000 and \$6,472,000, respectively, which include the College's contributions required for those members with a defined contribution benefit. The College's required and actual pension contributions include an allocation of \$4,839,732 and \$2,718,591 in revenue received from the State of Michigan, and remitted to MPSERS to fund the MPSERS unfunded actuarial accrued liability (UAAL) stabilization rate for the years ended June 30, 2023 and 2022, respectively.

### Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System (Continued)

In addition, for the year ended June 30, 2023, the College received \$1,848,811 of a onetime state payment and remitted to the System for the purpose of contributing additional assets to the System.

The College's required and actual OPEB contributions to the plan for the years ended June 30, 2023 and 2022 were approximately \$1,724,000 and \$1,575,000, respectively, which include the College's contributions required for those members with a defined contribution benefit.

**Net Pension Liability** - At June 30, 2023 and 2022, the College reported a liability of \$66,394,215 and \$46,561,385, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of September 30, 2022 and 2021, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2021 and 2020, respectively, which used updated procedures to roll forward the estimated liability to September 30, 2022 and 2021.

**Net OPEB Liability** - At June 30, 2023 and 2022, the College reported a liability of \$3,859,861 and \$2,842,852, respectively, for its proportionate share of the net OPEB liability. The net OPEB liability for fiscal year 2023 and 2022 was measured as of September 30, 2022 and 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2021 and 2020, which used updated procedures to roll forward the estimated liability to September 30, 2022 and 2021.

**Proportionate Share** - The College's proportionate share of the net pension liability and the net OPEB liability was based on a projection of its long-term share of contributions to the pension plan and OPEB plan, respectively, relative to the projected contributions of all participating reporting units, actuarially determined. The College's proportionate share and change in proportionate share for the net pension liability and the net OPEB liability is as follows:

Year Ending	Pen	sion	OPEB			
September 30	Proportion	Change	Proportion	Change		
2022	0.176539 percent	-0.02013 percent	0.182235 percent	-0.00401 percent		
2021	0.196666 percent	-0.01445 percent	0.186248 percent	-0.01821 percent		
2020	0.211116 percent	-0.01184 percent	0.204458 percent	-0.01598 percent		
2019	0.222959 percent	-0.00299 percent	0.220433 percent	-0.00509 percent		

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - For the year ended June 30, 2023 and 2022, the College recognized pension expense of approximately \$4,703,000 and \$3,026,000, respectively, inclusive of payments to fund the MPSERS UAAL stabilization rate. The College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		3				
	Defe	rred Outflows	Def	erred Inflows		
	of	Resources	of Resources			
Differences between expected and actual experience Changes of assumptions Net difference between projected and actual earnings	\$	664,174 11,408,905	\$	148,450 -		
on pension plan assets		155,694		_		
Changes in proportion and differences between College contributions and proportionate share of contributions		-		8,397,078		
College contributions subsequent to the measurement date		7,735,342		-		
Total	\$	19,964,115	\$	8,545,528		
		June 3	30, 2022			
	Defe	Deferred Outflows		Deferred Inflows		
	of	Resources	of Resources			
Differences between expected and actual experience	\$	721,256	\$	274,191		
Changes of assumptions		2,935,063		-		
Net difference between projected and actual earnings on pension plan assets		-		14,969,336		
Changes in proportion and differences between College contributions and proportionate share of contributions		_		5,734,688		
College contributions subsequent to the measurement date		5,352,599		-		
Total	\$	9,008,918	\$	20,978,215		

In addition to the above tables, the \$4,839,732 and \$2,718,591 reported as deferred inflows of resources resulting from the pension portion of state aid payments, will be recognized as state appropriations revenue for the years ended June 30, 2023 and 2022, respectively.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (note employer contributions subsequent to the measurement date will reduce the net pension liability and therefore will not be included in future pension expense):

Years Ending						
June 30	_	Amount				
2024		\$	223,929			
2025			(189,670)			
2026			378,811			
2027			3,270,175			
		\$	3,683,245			

### Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - For the years ended June 30, 2023 and 2022, the College recognized OPEB (recovery) of approximately \$(2,157,400) and \$(2,197,400), respectively. The College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	June 30, 2023					
	Deferr	ed Outflows of	Deferred Inflows of Resources			
	F	Resources				
Differences between expected and actual experience	\$	_	\$	7,559,989

### Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System (Continued)

**Actuarial Assumptions** - The total pension liability and total OPEB liability as of September 30, 2022 and 2021 are based on the results of an actuarial valuation date of September 30, 2021 and 2020, respectively, and rolled forward. The total pension liability and total OPEB liability was determined using the following actuarial assumptions:

	2022	2021
Actuarial cost method	Entry age normal cost actuarial cost method	Entry age normal cost actuarial cost method
Investment rate of return Pension	- 6.00 percent (net of investment expenses)	6.00 - 6.80 percent (net of investment expenses based on the groups)
Investment rate of return OPEB	- 6.00 percent (net of investment expenses)	6.95 percent (net of investment expenses based on the groups)
Salaryincreases	2.75 - 11.55 percent (includes wage inflation of 2.75 percent)	2.75 - 11.55 percent (includes wage inflation of 2.75 percent)
Healthcare cost trend rate - OPEB	Pre-65: 7.75 percent (year 1 graded to 3.5 percent year 15; 3.0 percent year 120) Post-65: 5.25 percent (year 1 graded to 3.5 percent year 15; 3.0 percent year 120)	Pre-65: 7.75 percent (year 1 graded to 3.5 percent year 15; 3.0 percent year 120) Post-65: 5.25 percent (year 1 graded to 3.5 percent year 15; 3.0 percent year 120)
Mortality basis	RP2014 Male and Female Employee Annuitant Mortality tables, scaled 100 percent (retirees: 82% male and 78% for females) and adjusted for mortality improvements using projection scale MP2017 from 2006	RP2014 Male and Female Employee Annuitant Mortality tables, scaled 100 percent (retirees: 82% male and 78% for females) and adjusted for mortality improvements using projection scale MP2017 from 2006
Cost of living adjustment	s 3.00 percent (annual non-compounded for MIP members)	3.00 percent (annual non-compounded for MIP members)

Assumption changes as a result of an experience study for the periods 2012 through 2017 have been adopted by MPSERS for use in the annual pension and OPEB valuations beginning with the September 30, 2018 valuation.

Significant assumption changes since the measurement date, September 30, 2021, for both the pension and OPEB plan include a reduction of both plans' discount rates to 6.00 percent.

Significant assumption changes since the measurement date, September 30, 2020, for both the pension and OPEB plan include a decrease in discount rate and investment rate of returned used in the September 30, 2020 actuarial valuation by 0.80 percentage points in the pension plan and 0.95 percentage points in the OPEB plan.

There were no significant benefit term changes for the pension or OPEB plans since the measurement date of September 30, 2021.

**Discount Rate** - The discount rate used to measure the total pension liability was 6.00 percent as of September 30, 2022 and 6.00 to 6.80 percent as of September 30, 2021, depending on the plan option. The discount rate used to measure the total OPEB liability was 6.00 percent and 6.95 percent as of September 30, 2022 and 2021, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions will be made at statutorily required rates.

Based on those assumptions, the pension plan's fiduciary net position and the OPEB plan's fiduciary net position were projected to be available to make all projected future benefit payments for current active and inactive employees. Therefore, the long-term expected rate of return on pension plan and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension liability and total OPEB liability.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System (Continued)

The long-term expected rate of return on pension plan and OPEB plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

_	20	)23	2022			
	Target Long-term		Target	Long-term		
	Allocation	Expected Real	Allocation	Expected Real		
Investment Category	Percentage	Rate of Return	Percentage	Rate of Return

Fixed-income pools	13.0%	-0.20%	10.5%	-0.70%		
Real estate and infrastructure pools	10.0%	5.30%	10.0%	5.40%		
Absolute return pools	9.0%	2.70%	9.0%	2.60%		
Real return, opportunistic pools	10.0%	5.80%	12.5%	6.10%		
Short-term investment pools	2.0%	-0.50%	2.0%	-1.30%		
Total	100.0%		100.0%			

Long-term rates of return are net of administrative expense and inflation of 2.2 percent and 2.0 percent as of September 30, 2022 and 2021, respectively.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability of the College calculated using the discount rate depending on the plan option, as well as what the College's net pension liability would be if it were calculated using a discount rate that is 1.00 percentage point lower or 1.00 percentage point higher than the current rate:

		2023			
1.00 percent decrease		Current Discount Rate	1.00 percent increase		
(5.00 percent)		(6.00 percent)	(7.00 percent)		
\$	87,615,698	\$ 66,394,215	\$ 48,906,757		
		2022			
1.00 percent decrease			1.00 percent increase		
1.00	percent decrease	Current Discount Rate	1.00 percent increase		
	.00-5.80 percent)	 Current Discount Rate (6.00-6.80 percent)	1.00 percent increase (7.00-7.80 percent)		

### Notes to Financial Statements June 30, 2023 and 2022

#### Note 8 - Michigan Public School Employees' Retirement System (Continued)

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate** - The following presents the net OPEB liability of the College, calculated using the current discount rate, as well as what the College's net OPEB liability would be if it were calculated using a discount rate that is 1.00 percentage point lower or 1.00 percentage point higher than the current rate:

2023							
1.00 percent decrease			Current Discount Rate	1.00 percent increase			
(5.00 percent)			(6.00 percent)	(7.00 percent)			
\$	6,474,545	\$	3,859,861	\$ 1,657	7,972		
			2022				
1.00 p	ercent decrease		Current Discount Rate	1.00 percent increase			
(5.95 percent)			(6.95 percent)	(7.95 percent)			
\$	5,282,532	\$	2,842,852	\$ 772	2,435		

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate - The following presents the net OPEB liability of the College, calculated using the current healthcare cost trend rate, as well as what the College's net OPEB liability would be if were calculated using a healthcare cost trend rate that is 1.00 percentage point lower or 1.00 percentage point higher than the current rate:

2023							
1.00 percent decrease		Current Hea	Ithcare Cost Trend Rate	1.00	1.00 percent increase		
\$	1,616,325	\$	3,859,861	\$	6,378,274		
2022							
1.00 percent decrease		Current Healthcare Cost Trend Rate		1.00 percent increase			
\$	691,928	\$	2,842,852	\$	5,262,901		

**Pension Plan and OPEB Plan Fiduciary Net Position** - Detailed information about the plans' fiduciary net position is available in the separately issued MPSERS financial report.

**Payable to the Pension Plan and OPEB Plan** - At June 30, 2023, the College reported a payable of \$843,496 and \$120,734, for the outstanding amount of contributions to the pension plan and OPEB plan, respectively, required for the year ended June 30, 2023. At June 30, 2022, the College reported a payable of \$764,755 and \$109,340, for the outstanding amount of contributions to the pension plan and OPEB plan, respectively, required for the year ended June 30, 2022.

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 9 - Optional Retirement Plan

In January 1997, the College began providing a defined contribution retirement plan for qualified employees. Full-time faculty, administrators, and other exempt-status employees can elect certain investment choices offered within the Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) plan portfolio. The TIAA-CREF plan is a defined contribution retirement plan whereby benefits vest immediately. The College contributes a specified percentage of employee wages and has no liability beyond its own contribution. For the years ended June 30, 2023 and 2022, that contribution rate was determined to be 11.50 percent. This resulted in the College contributing approximately \$2,032,000 and \$1,976,000 to the retirement plan for 2023 and 2022, respectively.

#### Note 10 - Risk Management

The College is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The College participates in the Michigan Community College Risk Management Authority (the "Authority") risk pool for claims relating to auto, property, and liability; the College was self-insured for medical benefits provided to employees.

The Michigan Community College Risk Management Authority risk pool program operates as a claims servicing pool for amounts up to member retention limits, and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to the Authority, which the Authority uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the College. Settled claims related to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

Beginning January 1, 2021, the College began participating in the West Michigan Health Insurance Pool (the "Pool"). As a member of the Pool, the College is fully insured for medical claims.

#### Note 11 - Federal Direct Lending Program

The College distributed \$7,157,424 and \$7,061,461 for student loans through the U.S. Department of Education federal direct lending program for the years ended June 30, 2023 and 2022, respectively. These distributions and related funding source are not included as expenses or revenue in the accompanying financial statements.

#### Note 12 - Long-term Obligations

The College's long-term liability activity for the year ended June 30, 2023 is as follows:

	Jı	July 1, 2022		Additions		Reductions		June 30, 2023		Current Portion	
2014 Bonds	\$	5,867,988	\$	-	\$	(660,998)	\$	5,206,990	\$	(680,999)	
Lease liability		7,967,017		-		(7,840,103)		126,914		(39,781)	
Subscription liability		1,373,933		674,540		(826,015)		1,222,458		(722,516)	
Total	\$	15,208,938	\$	674,540	\$	(9,327,116)	\$	6,556,362	\$	(1,443,296)	

### Notes to Financial Statements June 30, 2023 and 2022

#### Note 12 - Long-term Obligations (Continued)

The College's long-term liability activity for the year ended June 30, 2022 is as follows:

	Ju	uly 1, 2021	Additions		F	Reductions	June 30, 2022			rrent Portion
2014 Bonds	\$	6,508,987	\$	-	\$	(640,999)	\$	5,867,988	\$	(660,999)
Lease liability		7,769,272		199,616		(1,871)		7,967,017		(170,046)
Subscription liability		1,369,559		687,978		(683,604)		1,373,933		(652,449)
Total	\$	15,647,818	\$	887,594	\$	(1,326,474)	\$	15,208,938	\$	(1,483,494)

The 2014 general obligation, limited-tax bonds were issued in December 2014, as authorized by the board of trustees for the construction of capital projects. Bond principal payments range from \$670,000 to \$800,000 and are due annually each May through maturity in fiscal year 2030. Interest payments are due semiannually through maturity at rates ranging from 2.50 percent to 3.25 percent. At June 30, 2023 and 2022, the unamortized bond premium outstanding amounts to \$76,990 and \$87,988, respectively.

As of June 30, 2023, bond maturities are as follows:

	Debt Obligations													
Years Ending June 30	Principal			Premium		Interest		Total						
2024	\$	670,000	\$	10,999	\$	156,363	\$	837,362						
2025		685,000		10,999		139,613		835,612						
2026		715,000		10,999		119,062		845,061						
2027		735,000		10,999		97,613		843,612						
2028		750,000		10,999		75,562		836,561						
2029-2030		1,575,000		21,995		77,188		1,674,183						
Total	\$	5,130,000	\$	76,990	\$	665,401	\$	5,872,391						

The College's future principal and interest payment requirements related to right to use assets for the lease liability at June 30, 2023 are as follows:

			Lease Liability											
Years Ending June 30	Principal			Interest	Total									
2024	\$	39,781	\$	3,419	\$	43,200								
2025		41,094		2,106		43,200								
2026		42,449		751		43,200								
2027		3,590		10		3,600								
Total	\$	126,914	\$	6,286	\$	133,200								

## Notes to Financial Statements June 30, 2023 and 2022

#### Note 12 - Long-term Obligations (Continued)

The College's future principal and interest payment requirements related to the right to use assets for the subscription liability at June 30, 2023 are as follows:

	Subscription Liability												
Years Ending June 30	Principal			Interest	Total								
2024	\$	722,516	\$	14,223	\$	736,739							
2025		249,408		8,258		257,666							
2026		167,004		4,081		171,085							
2027		83,530		1,816	_	85,346							
Total	\$	1,222,458	\$	28,378	\$	1,250,836							

The FSIC had a note payable to New Markets Investment 94, LLC (the Sub CDE) in the amount of \$7,720,000 as of June 30, 2016. The loan consisted of Tranche A for \$5,348,000 and Tranche B for \$2,372,000. The note was evidenced by a note document and an agreement and bore an interest rate of 1.2109 percent. The note was collateralized by the real property assets of the Project. Interest-only payments totaling \$23,371 commenced on March 10, 2016 and were due quarterly through and including December 10, 2022. On December 10, 2022, a residual repayment in the amount of \$20,000 was due. During the year ended June 30, 2023, the NMTC was unwound, and as part of the process, the note payable was forgiven in full.

#### **Note 13 - Upcoming Pronouncements**

In June 2022, the Governmental Accounting Standards Board issued GASB Statement No. 101, Compensated Absences, which updates the recognition and measurement guidance for compensated absences under a unified model. This statement requires liabilities for compensated absences be recognized for leave that has not been used and leave that has been used but not yet paid in cash or settled through noncash means and establishes guidance for measuring a liability for leave that has not been used. It also updates disclosure requirements for compensated absences. The provisions of this statement are effective for the College's financial statements for the year ending June 30, 2025.

#### Notes to Required Supplementary Information

Changes of Benefit Terms - There were no changes of benefit terms for the reported plan years ended September 30.

Changes of Assumptions - There were no changes to assumptions for the plan year ended September 30, except for the following:

- 2022 The discount rate and investment rate of return used in the September 30, 2021 actuarial valuation decreased by 0.95 percent. This resulted in a lower than projected per person health benefit costs to reduce the plan's total OPEB liability by an additional \$1.1 billion in 2022.
- 2021 The healthcare cost trend rate used in the September 30, 2020 actuarial valuation increased by 0.75 percent for members under 65 and decreased by 1.75 percent for members over 65. In addition, actual per person health benefit costs were lower than projected. This resulted in a reduction to the plan's total OPEB liability by \$1.3 billion in 2021.
- 2020 The healthcare cost trend rate used in the September 30, 2019 actuarial valuation decreased by 0.50 percent and actual per person health benefit costs were lower than projected. This resulted in a reduction to the plan's total OPEB liability by \$1.8 billion in 2020.
- 2019 The discount rate used in the September 30, 2018 actuarial valuation decreased by 0.20 percent. The valuation also includes the impact of an updated experience study for periods from 2012 to 2017. This resulted in a lower than projected per person health benefit costs to reduce the plan's total OPEB liability by an additional \$1.4 billion in 2019.
- 2018 The discount rate used in the September 30, 2017 actuarial valuation decreased by 0.35 percent. The valuation also includes the impact of an updated experience study for periods from 2012 to 2017. This resulted in a lower than projected per person health benefit costs to reduce the plan's total OPEB liability by \$1.4 billion in 2018.
