## ACADEMIC REGALIA

The wearing of academic regalia is an ancient and impressive custom. The use of the cap and gown comes from costumes used in the 14th and 15th centuries, particularly at Cambridge and Oxford in England. The English love of tradition and pageantry created the distinctive academic dresses which have been maintained in English universities for centuries and which have been used in the United States since colonial times.

The caps are known as "mortar boards," and some believe the name was derived from the master workman's mortar board. The tassel, which was added in the 18th century, is worn over the left front quadrant of the cap.

The major distinguishing characteristics of the gowns are the sleeves, styled in the following fashion: associate and bachelors, long pointed; master, oblong; doctor, bell-shaped. The doctor's gown has a velvet collar and three bars on the sleeves.

Masters and doctors wear hoods which vary in size and shape and indicate the several degrees. Hoods are lined with the official colors of the university from which the degree is granted while the color of the velvet edging denotes the field of learning.

The distinctive gold cords worn by some graduates represent participation in the Kalamazoo Valley Community College Honors Program. Students wearing gold tassels and stoles are members of the Kalamazoo Valley Community College Alpha Rho Nu Chapter of Phi Theta Kappa National Honor Society; medallions represent officers.

The distinctive white cords are worn by students who are graduating with honors.

The red, white and blue veteran cords designate those individuals who have served, or who are currently serving, in one of the five branches of the United States Armed Forces: Army, Marines, Navy, Air Force and Coast Guard, including the Armed Forces Guard and Reserve Members.

The use of academic regalia is a custom which lends both color and dignity to the graduation ceremony.

## COLLEGE SEAL

The symbols as a part of the Kalamazoo Valley Community College seal represent the college as a shining tower of light illuminating the path forward through the pursuit of technical and academic education.

The year 1966 represents the establishment of the college by area voters on August 1, 1966. The tower represents the

85-foot-tall light tower erected in 1970. The seal symbolizes the critical role the college plays in replacing the darkness of fear and ignorance with the light of truth, learning and understanding.
