

KALAMAZOO VALLEY COMMUNITY COLLEGE NURSING END-OF-PROGRAM STUDENT LEARNING OUTCOMES

By the end of the Kalamazoo Valley Community College associate degree nursing program, the graduate will demonstrate proficiency in the following areas:

I. EVIDENCED-BASED PRACTICE

Incorporate evidence-based practices and informatics to provide compassionate and high quality care that is sensitive to the holistic and diverse needs of the patient.

II. SAFETY

Evaluate safe practice for patients and families with complex health care needs in diverse settings.

III. COMMUNICATION

Communicate effectively with patients, family members, and interdisciplinary health care professionals.

IV. TEAMWORK

Collaborate with the interdisciplinary team to ensure optimal patient outcomes.

V. PROFESSIONALISM

Demonstrate integrity by practicing professional nursing behaviors and skills that incorporate personal responsibility and accountability consistent with the scope of practice identified by the State Board of Nursing and ANA's Nursing Code of Ethics.
